

Healthnet

Midsemester Demo
John Bauman
Kyunghwan Choi
Adam Goldhammer
Eugene Marinelli

Status Update

- * Achievements
 - * Gumstix to PC uploader program.
 - * Plots in web interface.
 - * Getting data from GPS.
 - * EKG data filtering code.
 - * Understanding of how to use pulse oximeter.
 - * Various support scripts (installing software on Gumstix, creating databases, etc.).
- * Risks mitigated
 - * Bluetooth not a problem.
- * Assumptions
 - * We will receive sensor boards at some point.
 - * Enough ports on Gumstix for all sensors.

Demo
